Members welcomed Ms Fitzpatrick to the meeting and she gave an overview of current rural developments.

She informed members of an allocation of €260,000 for a Streetscape Enhancement Scheme, which is open to all property owners on a street, saying Kilkenny were only allowed submit five locations for approval with Thomastown selected in this Municipal District.

She said the Clár application for Kilmoganny was successful and an application for pre-development funding of the Friary Complex/Mill Street/Bridge Street in Callan under Call 3 Rural Regeneration Development Fund (RRDF) was submitted.

Mr Ronan Ryan, Community Section is preparing an information brochure highlighting rural funding and projects delivered in Callan and Thomastown.

Members thanked Ms Fitzpatrick for her updates and raised the following items:

- Possibility of a Health Check for Bennettsbridge – In response to queries Ms Fitzpatrick confirmed that there was no specific funding for a health check in Bennettsbridge. Health checks were not a priority under the Town & Village Scheme 2021;

- Request for an update on the feasibility study carried out by Leader for Bennettsbridge and river area;
- Request for an update at the October meeting on proposals for the Slatequarries;
- Request to follow up on query to Minister Heather Humphreys regarding a return to previous Town & Village Renewal procedures which gave greater autonomy to Local Authorities in deciding successful applications for funding;
- Annual changes to criteria for successful T&V funding applications make it very difficult for communities to plan applications.
