LOCATION MAP

DESCRIPTION

- **Landscape Type**
  - Linear, waterfront

- **Facilities**
  - Seating, Picnic Tables

- **Effectiveness**
  - High vehicular and pedestrian accessibility, moderate usage and low contribution to city form.

- **Safety**
  - Low enclosure, moderate surveillance from road. Some evidence of anti-social indicators (litter)

QUALITATIVE ANALYSIS

- Semi-mature landscape with low visual amenity. Low management and function. High definition of boundaries. (Road & River)

POTENTIAL AND OPPORTUNITY

- Opportunity to develop as part of green/blue ‘route’ linking through to adjacent open spaces - canal walk/castle
- Links along River Nore as regional open space
- Improve and reinforce
